

## Ministry Center Update – September 2020

**\$1.2 million** promised to date

**\$39,619** received in August 2020

**\$670,076** received since January 1, 2019

In September we are having a three-week series at church on the whys and hows of giving.

- Week 1: Why would I give?
- Week 2: How do I give?
- Week 3: What are we giving for?

Special attention will be given to the present *Deeper Roots, Higher Sights Phase 2* effort during week three of the series.

Each month our debt is going down and our total given toward a ministry center is going up. (Current debt is now \$449,336.26.) Plus, each month generous offerings are being given toward the current gospel ministry of our church and school. We have the motive to give, the means to give, and a common mission to give toward together. We have many, many reasons to give thanks to our God!

*Committing to a Ministry Center for  
the Lord's work, providing Christian  
training and encouragement for  
people of all ages.*
